Betty Crocker's Cook Book for Boys and Girls
Betty Crocker's for Boys and Girls

Illustrated by Gloria Kamen
Dear Boys and Girls,

Cooking is an adventure, as you'll find out when you use these recipes. On the opposite page you can meet the twelve boys and girls who tested the recipes in their own kitchens at home.

It's really easy to cook, once you know how. You'll be trying all sorts of things—Pigs in Blankets, Hot Fudge Pudding, Jolly Breakfast Ring—even a supper for the family some night to give mother a holiday.

If you use your cook book often I can promise you real fun and lots of good things to eat.

Sincerely,

Betty Crocker
Meet Our Home Testers
The 12 boys and girls who tested all these recipes

DONNA
"We tested about 136 recipes and we liked almost every one of them."

LUCY
"It's important to measure exactly. When we didn't we had trouble."

ELIZABETH
"All those recipes sound like a lot of work. But we loved it."

CHRIS
"If we didn't like it, Betty Crocker didn't put it in this book."

RANDEE
"Being a home tester was the most exciting thing I ever did."

RICKY
"We always said what we thought, even if it wasn't complimentary."

BECKY
"After all the recipes were tested we had a wonderful party."

LINDA
"Our mother marked what we made excellent, good, fair, or poor."

BETTE ANNE
"We had to say if things were easy or hard and did they taste good."

ERIC
"We had to say if we liked things enough to make them again."

EILEEN
"It's really easy to cook, if you do what it says in the recipe."

Good things to make for parties—for holidays—for your friends—and just for fun.

Of all the extra-specials, cakes are tops. And how proud you'll be when you make a birthday cake for Dad, a Heart Cake for Mother on Mother's Day, an Igloo Cake for your little sister, or any cake on these pages.

There are lots of other fun things you can make like fancy drinks and Black Cat Cookies and Eggs in a Frame for a campfire lunch.

You'll want to try them all before you are through and a good place to start is with a special cake. You can make any of these cakes easily if you follow directions carefully and take to heart all the cakemaking tips over there on the next page.
Cakemaking Tips

Liquids and eggs should be about room temperature.

Use a wooden spoon for stirring.

Always prepare cake pans by greasing thoroughly and dusting with flour.

Use a rubber scraper to keep spoon and bowl clean so batter will mix well.

Get the last of the batter out of the bowl with the rubber scraper.

Cake is done when a toothpick stuck into center comes out clean.

When two times are given in the recipe (as 20 to 25 minutes) set timer for first and see if cake is done. Give extra time if needed.

Set pans on cooling racks when they come from the oven.

After 10 minutes turn cake from pans to finish cooling on racks.

Cakes are ready to ice when cool.
Cocoa Fudge Cake

Heat oven to 350°.
Grease and flour 13-inch oblong pan.

Sift together into mixing bowl

Add

Beat vigorously for 2 minutes (300 strokes). You can use an electric mixer if you scrape the sides down often. Use medium speed.

Add

Beat 2 more minutes.
Scrape batter together and be sure it is all blended.
Pour into prepared pan.
Bake 40 to 45 minutes.
Cool on rack.
Ice, in or out of pan, with Quick Fudge Icing (page 22).

"Baking is as much fun as my chemistry set. And you can eat what you mix up." Eric
Sift the flour mixture into the mixing bowl.

Take shortening from cup with a rubber scraper.

Scrape down sides of mixing bowl often.

It's easy, and good, too, when you make it with Betty Crocker Chocolate Devils Food Cake Mix.
Grandma's Chocolate Layer Cake

Long ago, a yellow cake with chocolate icing was called a chocolate layer cake.

Break the eggs into a saucer with a kitchen knife.  Use a rubber scraper to clean the sides of the bowl.
Heat oven to 350°.

Grease and flour two 8 or 9-inch round layer pans.

Sift together into mixing bowl

Add

Beat vigorously for 2 minutes (300 strokes). You can use an electric mixer if you scrape the sides down often. Use medium speed.

Add

Beat 2 minutes.

Pour into prepared pans.

Bake 30 to 35 minutes. Cool.

Finish with Whiz Chocolate Fudge Flavor Frosting (page 23).

**Whiz Chocolate Layer Cake**

This is a good cake, too. And easy to make with Betty Crocker Yellow Cake Mix. Just follow the package directions.
Zoo Cake

Bake any flavor Betty Crocker Cake Mix in oblong pan as directed on package.

Frost, using Betty Crocker Fluffy White Frosting Mix, making icing on top about ¼-inch thick.

Press painted or chocolate-coated animal crackers against sides of cake. Fence them in with long gumdrops. Set candles in top of cake. Trim with gumdrops and silver candies.

There is a color photograph of a Zoo Cake on page 38.
To Make Wild Animals for Zoo Cake

Paint animals with Egg Yolk Paint (page 48).
Bake 3 minutes at 350° to set egg yolk.

or use chocolate-coated animal crackers (below).

To coat animal crackers:
Melt ¼ cup semi-sweet chocolate pieces with 1½ tablespoons butter in a custard cup set in hot water. When chocolate is melted, take from heat and stir with fork until thoroughly blended. Drop crackers, one at a time into chocolate mixture. Lift out with fork, draining off excess, and lay on waxed paper to harden before using.
Eskimo Igloo Cake

The Eskimo has his igloo, but no cake like this.

Bake a cake in two layers, as directed on Betty Crocker White Cake Mix package.

Cool thoroughly and cut each layer in half, like picture below.

Using 2 packages, make Betty Crocker Creamy White Frosting Mix as directed on package, being careful to double amounts of butter and water.

Spread frosting on one side of three halves. Set halves side-by-side on cut edges with icing between to form a long rounded cake which makes the igloo.

Place in custard cup

1 square unsweetened chocolate (1 ounce)
¼ teaspoon shortening

Set cup in a little hot water in saucepan. Heat until melted. Remove saucepan from heat, but leave custard cup in hot water.

Set iced halves side-by-side to form igloo.

Frost igloo with remaining icing. Pictured in color on page 40.
After icing is no longer soft and has a slight crust on top, mark igloo lines very lightly with a knife using a ruler as a guide. Then dip a small paintbrush into melted chocolate and paint along lines.

There is a color photograph of the Igloo Cake on page 40.
Clown Cupcakes

Make cupcakes as directed on Betty Crocker Chocolate Devils Food Cake Mix package. Then follow the directions on the opposite page.

"I'm going to make these for my little brother's birthday. Gregg'll be 6." Chris
Cut cone-shaped pieces out of tops of cooled, baked cupcakes.

Turn cone-shaped pieces outside up for peaked hats.

When ready to serve, fill cavity of each cake with a scoop of vanilla ice cream. Make faces with candies.

Set hats on clown heads. There is a color photograph of Clown Cupcakes on page 73.
Ice Cream Cone Cakes

Heat oven to 400°.

Make batter for cupcakes as directed on any flavor Betty Crocker Cake Mix package.

Pour scant \( \frac{1}{4} \) cup batter into flat-bottomed waffle ice cream cones, filling \( \text{scant} \frac{1}{2} \text{ full} \). If you fill the cones too full, they will not have a nice round top.

Set on baking pan and bake 15 to 18 minutes.

Cool and frost with any Betty Crocker Frosting Mix.

There is a color photograph of Ice Cream Cone Cakes on pages 74 and 75.

"I frosted mine with chocolate fudge flavor frosting and then sprinkled them with those teeny colored candies." Bette Anne
Button Cake

Ice your cake with Butter Icing (page 25). Decorate with wafer-thin round candies in different colors.

Draw faces on each with a mixture of

\[
\frac{1}{4} \text{ cup confectioners' sugar} \\
1 \text{ teaspoon milk}
\]
Icing is best when it is as soft as possible, but it must hold its shape without running off the cake.

Spread a little along the inside of the mixing bowl with the back of your mixing spoon and see whether or not it is ready to use or needs more confectioners' sugar or liquid added.
When you are going to ice a layer cake—

Turn one layer upside down on cake plate.

Put on a big spoonful of icing and spread it to the edge of the layer.

Set second layer on, right side up.

Ice the sides, spreading up from bottom to top with knife full of frosting.

Put rest of icing on top and swirl it around to decorate.

"Icing the sides is tricky so I just ice the top. When I get more practice I'll do the sides, too."

Ricky
Quick Fudge Icing

In saucepan mix

1 cup sugar
¼ cup cocoa

Stir in

¼ cup butter
½ cup milk
2 tablespoons light corn syrup

Bring to boil. Boil for 3 minutes, stirring occasionally.
Take out spoon and set pan in cold water.
When you can hold your hand on the bottom of the pan the syrup is cool enough.

Then stir in

1½ cups sifted confectioners' sugar
1 teaspoon vanilla

You may need

½ cup more sifted confectioners' sugar

Stir the icing until thick enough to spread. Add more confectioners' sugar or milk if needed.

“This makes dreamy fudge. You just add some more confectioners' sugar, and half a cup of chopped nuts.” Donna
Whiz Chocolate Fudge Frosting

It takes only a jiffy when you use Betty Crocker Chocolate Fudge Flavor Frosting Mix. You don’t even cook it. Just make as directed on the package.
Easy Penuche Icing

*Penuche is really candy. It came from Mexico.*

In saucepan melt ½ cup butter

Stir in 1 cup brown sugar (packed)

Continue cooking over low heat for 2 minutes, stirring.

Stir in ¼ cup milk

Bring to a full rolling boil, stirring constantly.

Take out spoon and set pan in cold water. When you can hold your hand on the bottom of the pan the syrup is cool enough.

Then stir in 1½ to 2 cups sifted confectioners' sugar

Set pan in ice water. Beat until thick enough to spread. If icing is too thin, add more confectioners' sugar. If too thick, add a few drops of hot water.

Well-packed brown sugar will hold its shape when turned out of the cup.

A full rolling boil looks like this.
Butter Icing

Blend together

\[ \frac{1}{3} \text{ cup soft butter} \]
\[ 1 \text{ cup sifted confectioners' sugar} \]
\[ 1\frac{1}{2} \text{ teaspoons vanilla} \]
\[ 3 \text{ tablespoons top milk} \]

Then stir in

\[ 2 \text{ cups more sifted confectioners' sugar} \]

Beat hard to make the icing fluffy.

Add a little more milk or sugar if you need it to make the icing just right to spread.
Whiz Frostings

They're creamy and smooth. And they almost make themselves because they're so easy with Betty Crocker Instant Frosting Mixes.

Caramel Fudge—Especially good with yellow, spice, or white cake.

Fluffy White—The whitest, fluffiest icing you ever saw. And easy, too.

Chocolate Malt Flavor—If you like malted milks, and who doesn't, you'll love this.

Chocolate Fudge Flavor—America's favorite, delicious with chocolate cake.

To make any of these luscious frostings you just follow the directions on the package. And quick as a wink you've made a frosting you're proud of.
Name Cake

This is a cake that will fit anybody's birthday. You can use a Betty Crocker Cake Mix in your favorite flavor, frost it with a light-colored icing, and spell out the name with chocolate pieces.

"I made one for Dad's birthday. It was Spice Cake with Caramel Fudge Frosting and Dad said it was keen." Peter
Frost oblong cake with Betty Crocker Chocolate Fudge Flavor Frosting Mix.

Cut into squares.

Make marshmallow bunny face on each square piece of cake.

Cut marshmallows in half with scissors and lay flat circles on frosting.

Snip other half of marshmallow for bunny ears.

Draw face with food coloring. Use toothpick dipped in food coloring bottle.
Easter Hat Cake

_Easter is a time when every girl wants a new hat. And here’s one you can eat._

Mix batter as directed on Betty Crocker Cake Mix package. Bake 9-inch layer for brim and 8-inch layer for crown.

Cut 8-inch layer down to 6-inch size and set on top of 9-inch layer. Frost with Betty Crocker Fluffy White Frosting Mix. Trim with ribbon and tiny flowers.

There is a color photograph of the Easter Hat Cake on page 39.

---

Cut 6-inch circle of paper. Set on the 8-inch layer. Cut around it with a small knife.

Set 6-inch layer on 9-inch layer near the edge.
You will need a square layer and a round layer.

Cut the round layer in half and place against the square layer.
Heart Cake

A beautiful surprise for Mother’s Day, or a Valentine.

Make cake batter as directed on the Betty Crocker White Cake Mix package.

Divide batter between 2 greased and floured pans—one 8-inch square pan, and one 8-inch round layer pan.

Bake as directed on package.

To make heart-shaped cake: Set square cake on large tray with one point toward you. Cut round layer in half. Arrange each half with cut side against top corners of square to form heart.

Frost with Betty Crocker Fluffy White Frosting Mix tinted pink with a few drops of red food coloring. Be sure to cover top of cake well, especially over the cut sections. Decorate with red candies.

There is a color photograph of the Heart Cake on page 39.

"Ned and I love chocolate, so I used chocolate fudge frosting on mine, and it was beautiful!"

Becky
Drum Cake

To celebrate the Fourth of July—make a cake for the family picnic and decorate it for the holiday.

Bake cake in layers as directed on Betty Crocker Chocolate Devils Food Cake Mix package.

Frost cooled cake with Betty Crocker Fluffy White Frosting Mix.

The photograph on the opposite page is of the Drum Cake.

On sides of cake press striped peppermint candy sticks at angles into icing all around cake. Set a maraschino cherry at ends of each stick. If you like, cross two candy sticks on top of cake for drumsticks.

\[
\begin{align*}
\frac{1}{3} \text{ cup soft shortening} \\
\frac{1}{3} \text{ cup sugar} \\
1 \text{ egg} \\
\frac{2}{3} \text{ cup honey} \\

2\frac{3}{4} \text{ cups sifted Gold Medal Flour} \\
1 \text{ teaspoon soda} \\
1 \text{ teaspoon salt}
\end{align*}
\]
Roll dough into balls the size of walnuts. Set on lightly greased baking sheet.

2. Cover bottom of glass with cloth. Moisten in water, press cookies quickly to flatten and shape into rounds.

3. Bake about 8 minutes, or until lightly browned.

4. When cookies come from oven, at once set a chocolate peppermint wafer in the center of each cooky.

5. Set 2 chocolate pieces next to mint for head, 1 piece for tail. Lift onto cooling rack as chocolate melts.

6. With toothpick, shape melted chocolate pieces into head and tail on each cooky.
Paper bag masks are easy to make. Paint on any face you want and cut out holes for the eyes and mouth. You can cut out flaps on the sides for ears.

Make a lantern by cutting slits across a piece of paper, but do not cut all the way to the edges. Then roll your paper in the direction of the slits. Unroll it and roll it in the opposite direction and paste the ends together. Paste on a strip of paper for the handle.

You can decorate your cups, too. When you cut out the figures, fold your paper in half so that both sides will be the same. Paint on any face you want.
Paintbrush Cookies

Mix thoroughly

\[ \frac{1}{3} \text{ cup soft shortening} \]
\[ \frac{1}{3} \text{ cup sugar} \]
\[ 1 \text{ egg} \]
\[ \frac{3}{4} \text{ cup honey} \]
\[ 1 \text{ teaspoon vanilla} \]

Stir in

2\(\frac{3}{4}\) cups sifted Gold Medal Flour
1 teaspoon soda
1 teaspoon salt

Chill.

Heat oven to 375°.

Roll dough out on floured pastry cloth, using floured covered rolling pin. Roll to \(\frac{1}{4}\)-inch thickness. Cut in different shapes.

Set on greased baking sheet. Paint designs with Egg Yolk Paint. There is a color photograph of these on pages 36 and 37.

Bake 8 to 10 minutes. For clear colors do not let cookies brown.

Makes 5 dozen 2\(\frac{1}{2}\)-inch cookies.

Egg Yolk Paint

Blend well 1 egg yolk and \(\frac{1}{4}\) teaspoon water. Divide mixture among several small custard cups. Add a different food coloring to each cup to make bright colors. Paint designs on cookies with small paintbrushes. If egg yolk paint thickens on standing, add a few drops of water.
For Unusual Shapes

If you have cooky cutters that you like, you'll use them of course. Always dip them in flour so they won't stick to the dough.

Or make your own patterns—Draw or copy the pattern on heavy cardboard. Cut out each one and grease it. Lay pattern greased side down on dough and cut around it with a sharp knife. Lift onto baking sheet with wide spatula.

Attractive Designs Make the Prettiest Cookies

After you've decided on the shapes, making the design is fun. Try some of these first.

Then let yourself go, use your imagination, and see what exciting designs you can create.

**Bake 8 to 10 minutes**, until light brown.

**Makes about 3 dozen cookies.**

There is a color photograph of Good Kid Cookies on pages 76 and 77.

Linda
Be sure to measure all your ingredients accurately every time.

Campfire Cooking

When you cook outdoors it’s a good idea to appoint one of the group Chief. The Chief can then give everyone a job to do.

*Travel Light.* Don’t take more equipment than you need. Extra things to carry are just a burden. A frying pan, pancake turner, empty coffee can, stirring spoon, small pail for water, a sharp knife, and a fork for everyone will be enough for any of the recipes given to you here.

*Building the Fire.* The Hunter’s Fire is easy and gives a steady heat. To build it, lay 2 green logs in a V-shape, about 7 inches apart at one end and 4 inches apart at the other. The wider opening should face the wind.

Build a foundation fire between the logs and then add fuel as you need it. For the best results, you should let the fire burn down to coals before you start to cook.

When you are ready to cook, set the frying pan near the narrow end.

*Don’t Play With Fire.* Small fires are the best. They’re the easiest to work with and they don’t get away from you.

Keep a pail of water handy for putting out the fire. If you don’t have water, sand will do the trick.

Before you leave the camp site, be sure your fire is out and the ground completely cold.
Eggs in a Frame

Pull center from a slice of bread, or cut out center with biscuit cutter.

Butter bread generously on both sides.

Brown bread “frames” on one side in moderately hot buttered frying pan. Turn over.

Drop egg into center.

Cook slowly until egg white is set. (Cover pan until white starts to set.)

Sprinkle lightly with salt.

Lift out with pancake turner.

You can make Eggs in a Frame at home like the color photograph on page 80.
Butter-Fried Potatoes

Take to your picnic 6 medium-sized boiled potatoes cooked in their skins and diced.

In frying pan melt

\[ \frac{1}{2} \text{ stick butter} \]
\[ (\frac{1}{4} \text{ cup}) \]

Add to butter

6 medium-sized boiled potatoes, diced
1 onion, minced

Sprinkle in

\[ \frac{1}{4} \text{ teaspoon salt} \]
2 tablespoons minced parsley

Cook over a medium-hot campfire until potatoes brown on the bottom. Then lift with pancake turner and brown the other side of the potatoes.

4 to 6 servings.

Soap the entire outside of your frying pan before using it over a campfire. Then the smoke washes off without scouring.
Make a skewer from a green stick as thick as a lead pencil. Sharpen the thin end.

Cut into 1-inch pieces \(\frac{1}{4}\) pound beef sirloin

Cut in half and peel 1 onion

Cut in half 1 tomato

Push the meat, onion, and tomato alternately on the stick. Or try an apple instead of tomato for variety.

Broil by holding close to hot coals, turning constantly. Cook until meat is brown and vegetables are tender.

Makes 1 kabob for 1 dinner.

There is a color photograph of Kabobs on page 78.
Mulligan Stew

In small amount of hot fat in heavy frying pan, brown 1 pound stew meat, cut in small pieces

Add

Stir in

Cover tightly and let cook slowly until tender (about 1 1/2 hours). If fire gets too hot, take from heat occasionally to keep at a simmer.

When meat is tender, add

Continue cooking slowly about 30 minutes. If there is not enough juice, add water during cooking. If too thin take off lid and cook sauce until thickened.

4 to 6 servings.
Doughboys

Make biscuit dough by following directions on Bisquick package for Biscuits.

Dip your hands in Bisquick and pick up a small piece of dough. Roll between the palms of your hands to shape a ribbon about 5 inches long and the size of your little finger.

Heat a peeled green stick over the fire (willow is good for this).

Wind a ribbon of dough spirally around the stick, pinching tightly at each end to hold it onto the stick.

Toast over hot coals, turning to bake evenly. With a good bed of coals Doughboys bake in just a few minutes and slip easily off the stick.

Eat with jam or butter.

There is a color photograph of Doughboys on page 79.

"A coffee can makes the best mixing bowl in camp, cause you can throw it away when you're through." Elizabeth

Breakfast

Make it the best meal of the day—a happy family get-together.

You can be a big help. In one family we know, everyone takes a turn helping to get breakfast. And what rivalry!

The littlest one pours out the cereal, puts the silver around, or rings the breakfast bell.

Older children choose their jobs—fixing the fruit, adding fancy touches to the cereal, frying the eggs, stirring up an easy coffee cake, making cocoa.

Make pancakes for Dad with his initials on them (page 88). Or give your mother a holiday and prepare breakfast all yourself.
Cocoa Continental

Blend in saucepan

- 2 tablespoons cocoa
- 3 tablespoons sugar
- 1/8 teaspoon salt

Then stir in

- 1/2 cup hot water

Bring to boil over low heat and boil 2 minutes, stirring constantly.

Then add and heat, but do not boil

- 2 cups milk or 1 cup evaporated milk and 1 cup water

Drop a marshmallow into each cup and pour hot cocoa over it.

4 servings.
French Toast

With beater blend

2 eggs, beaten
½ cup milk
¼ teaspoon salt

Cut in half

6 slices stale bread

Heat frying pan or griddle moderately hot. Grease with butter or bacon fat.

Pick up bread on fork, by half-slices. Dip both sides into egg mixture and put on hot frying pan or griddle.

Brown on both sides, turning with pancake turner.

Serve hot with syrup or jelly.
Soft-Cooked Eggs

Never boil eggs. Always cook them slowly and gently.

Cover eggs in saucepan with cold water. Heat until water boils.

Take from heat. Cover pan. Stand off heat 2 to 4 minutes.

Take from hot water. Hold the egg with a paper napkin and break shell by cracking sharply with a knife. Scoop egg from shell with a teaspoon.

Season with salt and butter.

Fried Eggs

Heat a thin layer of butter or bacon fat in heavy frying pan until moderately hot.

Break eggs, one at a time, into saucer. Slip into frying pan.

Reduce heat to cook slowly. Cover and cook until whites are set (3 or 4 minutes).

You can turn the eggs if you like them that way. Then cook until yolks are as you want them.
Scrambled Eggs

Break into bowl 2 eggs

Add 2 tablespoons milk
dash of salt

Beat with fork.

Heat a thin layer of butter or bacon fat in small frying pan, moderately hot.

Pour in egg mixture and reduce heat to low. Cook slowly, turning gently with broad spatula as mixture starts to set at bottom of pan.

Serve as soon as eggs are cooked through but still moist and shiny.

1 or 2 servings.
Pancakes

Grandma called pancakes flannel cakes because on cold mornings they kept her family warm as flannel.

Branded Pancakes

Real Western with your own brand right on the pancake.

Make Pancakes as directed on Bisquick package.

Let batter trickle from teaspoon onto hot griddle to form an initial. Initials must be made backwards to be right when pancakes are served. Draw your initial backwards on a piece of paper for a pattern before you start.

When bottom side of initial has lightly browned, pour a regular spoonful of batter over initial.

Bake until bubbles appear, then turn and finish baking as directed on package.

Serve hot with butter and warm syrup or jelly. There is a color photograph of Branded Pancakes on page 80.

"My 3 brothers can sure eat a lot of pancakes, especially when they're branded." Lucy
Dollar Pancakes

Add a little more milk (about ¼ cup) than usual to make pancake batter thin (recipe on Bisquick package).

Then spoon batter, a tablespoon at a time, to fill your griddle with tiny “dollar” pancakes.

Bake as for other pancakes.

Serve several at a time on each plate.

Make sure you keep the pancakes small.

Rolled Pancakes

Spread warm small pancakes (recipe on Bisquick package) with shimmering red jelly. Roll up.

Sprinkle with confectioners' sugar.

Serve two on each individual dessert plate.

Spread jelly thin. This is how they look rolled up.
You'd be surprised how much more exciting breakfast can be if you try something different every day. Just watch your little brother's face when you surprise him with the Little Man Who Wasn't There or A Pig in a Poke. Or, just put softened ice cream and strawberries over a big bowl of Wheaties. You'll find color photographs of some of these treats on pages 118 and 119.

Lunch or Supper

LUNCH—usually at noon.

SUPPER—at night if dinner is at noon.

Both are light meals—and simple—a good place for the new cook to start learning to do a few things well... A perfect hamburger... Cheese Dreams... Angel Food Cake... Hot Fudge Pudding... Oatmeal Cookies.

There are lots of other good things, too, that you'll want to try. One day it might be Tuna Burgers or Raggedy Ann Salad. Another day you could try Pigs in Blankets or Easy Orange Cake.

First thing you know you'll be getting a complete lunch or supper for your mother when she's very busy.
When You Set the Table

It's easy if you remember to place the silver in the order you're going to use it, with the piece to be used first on the outside, farthest from the plate. That's why the soup spoon is on the outside. Forks and napkins are always at the left and knife, spoons, and glasses at the right.

Salad Tips

When you make a salad always use cold ingredients and then chill the finished salad before you serve it. Lettuce makes a pretty garnish that's good to eat and everyone will want to eat it if it's fresh and crisp.

1. To prepare lettuce for a salad, cut out the core with a sharp-pointed knife.

2. To loosen the leaves, hold lettuce, with cut side up, under running water.

3. Peel off as many leaves as you need and wash them thoroughly.

4. Gently pat dry between paper towels or in a towel.

5. Wrap leaves loosely in a fresh towel or put them in a plastic bag.

6. Chill the leaves well in the refrigerator.

Dinner

Dinner is the sociable meal of the day when all the family sit down together and tell what’s happened at school, at work, and at play.

You can help make dinner more than just another meal if you learn and practice the arts of the dinner table.

*Take Pride in the Table.* For happy family meals set the table just as carefully and attractively as you would for company. Always use a pretty centerpiece even if only a little pot of ivy from the window sill or a figurine off the cupboard shelf.

*Care About Etiquette and Good Manners.* When you have good manners people like you better and enjoy having you around. There is a reason for all the rules—to show consideration and thoughtfulness for others and make mealtimes a pleasure.

Good manners are not something to put on for company, but should be a part of us. They are like walking and talking and all other skills. Once we learn them, they just come naturally.

*Make Dinner a Fun Time.* Start a game of Table Topics. Each member of the family has a turn choosing the topic and all tell everything they know about it. Anyone may be challenged, so you’ll want to keep the dictionary or encyclopedia handy.
Relishes

Fancy little extras like these always look tricky. But they’re really easy, and fun to make.

Carrot Curls

Peel fresh crisp carrots with a peeler. Slice the length of carrot paper-thin, with peeler, for long very thin slices.

Roll up each slice around your finger and hold it together with a toothpick. Be sure the shape is round. Soak curls in ice water for about an hour to hold their shape.

Use a peeler like this to slice the carrot paper-thin.

For round curls, roll the carrot slices around your finger. Stick toothpick through curl to hold together.
Celery Curls

Separate, then wash, a stalk of celery. Cut each rib into short lengths.

Slit in narrow strips at both ends. Soak in ice water until ends curl.

Cut several stalks of celery at once.

The finished celery curl looks like this.

Slit both ends of the celery stick.

Radish Roses

Scrub fresh red radishes.

Cut off root end. Leave a bit of stem and leaf.

Then cut thin "petals" around radish from root end almost to stem end.

Place "roses" in ice water to "blossom."

Use a small paring knife to make "petals" on radishes.

Ice water makes the radish rose open its petals.

Just before cooking, remove husks and silks.

In covered saucepan, heat about 1 inch water to boiling.

A little sugar helps the flavor of older corn.

The liquid from the can makes the flavor of the peas better.

Frozen Vegetables

They look and taste just like fresh vegetables. So quick and easy because they are all cleaned and ready to cook. Follow package directions.

Cook the exact time given on the package. Start counting the minutes when the frozen block of vegetables is broken up and the water starts boiling again.

Use high heat until steam appears, then turn down heat and simmer until tender.
Cabbage Wedgies

Remove outer leaves of medium-sized cabbage head.

Put on cutting board and cut in half, storing one half for Cole Slaw (page 168) the next day.

Turn flat side down and cut in half again.

Then cut each piece in half, giving you four wedges.

Cook, covered, in ½ to 1 inch boiling salted water, bringing water to a rolling boil then turning heat low and cooking about 15 minutes, until tender.

Prick with a fork to test.

Drain off extra cooking water and add 1 tablespoon butter. Turn wedges so they are all buttered.

COOKBOOK FOR BOYS AND GIRLS

This is a brand new kind of cook book planned by boys and girls for boys and girls. A panel of 12 Junior Testers picked out the 245 recipes and ideas, and tested every one.

Delightfully illustrated, this book is full of party surprises, dessert ideas, camping-out specials, and plenty of easy-to-make good things to eat. There are many “how to” step pictures, and special pages on kitchen safety rules, utensils, and measuring instructions.

Using this book, boys and girls can prepare any number of treats for their friends or for the whole family.
